

Quality of Working Life In Sugar Industry

By Dr. Sudhir Chandra Das/ Anil Kumar Gope

2015. Hardcover. Book Condition: New. 287 About the book:- The sugar industry is the second largest industry and next to textile industry. It plays an important role in the India economic life of India. It is such an industry which makes an impact on agriculture directly. The sugar industry has great signficatory value which cannot be devalued in its relationship with agricultural and industrial economy of the rural region of India. The Indian sugar industry is a key factor of rural development, supporting over about 55 million sugarcane farmers and their dependents and a large mass of agricultural labourers involved in sugarcane cultivation, harvesting, machine manufacturing etc. Further, the Uttar Pradesh is the foremost state in production of sugar and sugarcane in the country. It contributes almost fifty per cent of the total production of the country. But now-adays, Indian sugar industry is suffering from some basic problems i.e., archaic plant and machinery, poor physical condition and sickness etc. Hence, the term Quality of Work Life (QWL) has been increasingly used to describe certain environmental and humanistic values neglected by the industrial societies in favour of technological advancement, industrial productivity and economic growth. Therefore, this book is an attempt to...
